 - information needed to install and use the automated CAIVRS access software
 - CAIVRS screening requirements for direct and guaranteed loans

1 Overview (Continued)

B

Purpose (Continued)

- provides clarification on discrepancies between emergency (EM) loan procedure and DCIA of 1996
 - stresses the importance of selecting a unique NIS ID number when first setting up access to CAIVRS
 - obsoletes Notice FLP-171.

2 New Provisions

A

Eligibility for EM Loans

Applicants who are delinquent on Federal debt, other than debt under the Internal Revenue Code of 1986, are eligible for EM loans according to DCIA of 1996.

Note: Disregard the last sentence of FmHA Instruction 1945-D, section 1945.162(a).

B

Using Unique NIS ID Number

Each workstation must be assigned its own **unique** NIS ID number.

Note: Suggest 1 comprised on the State number, county number, and a 2-digit workstation number. For example, 1203401.

If a unique NIS ID number is not assigned for each workstation, requested CAIVRS information may be received by any workstation with the same NIS ID number.

Example: If a workstation in Maine has the NIS ID of “123abcd” and a workstation in Virginia has the same NIS ID, and both request information around the same time, the first 1 to hit the database gets all the information that both Virginia and Maine requested for that NIS ID.

3 Provisions Previously Issued Under Notice FLP-171

A

Loan Eligibility and Delinquency

DCIA of 1996 prohibits Agencies from making or guaranteeing loans to applicants who are delinquent on other Federal debt.

Exceptions: Delinquent Federal **tax** debt will not affect eligibility for either direct or guaranteed loans except as it may impact credit worthiness.

Delinquency on a guaranteed loan will not be considered delinquent Federal debt.

Note: However, CONACT, Section 373 prohibits FSA from making direct operating (OL) loans to borrowers who are delinquent on any FSA direct or guaranteed loan.

It is important that the creditworthiness provisions of FmHA Instruction 1910-A, Sections 1910.5(c)(5) and 1910.5(d) and 2-FLP, subparagraph 108 A be used to evaluate all applicants.
